

Privacy Policy

At SOLITRON DEVICES, INC. we are committed to protecting any personal information that you may provide to us. We believe it is important for you to know how we treat information about you that we may receive from this Web site.

Information Collected

In general, you can visit this Web site without telling us who you are or revealing any information about yourself. Our web servers collect the domain names, not the e-mail addresses, of visitors. Our web servers also seek (as many Web sites do) to place a "cookie" (a small data file) on your computer's hard drive which allows the server to recognize the computer when it visits again, so as to track statistical information about navigation to and throughout certain areas of our site, and to other related sites. If you prefer not to accept cookies, you can set your browser to reject them or to alert you before one is placed.

In addition, there are portions of this Web site where we may need to collect personal information from you for a specific purpose, such as to provide you with information that you request. The information collected from you may include your name, address, telephone number or e-mail address

Use of Collected Information

Domain name information that we collect is not used to personally identify you and instead is aggregated to measure the number of visits, average time spent on the site, pages viewed, etc. We use this information to measure the use of our site and to improve the content of our site for you the visitor.

When other information is collected from you, such as your name and e-mail address, we generally let you know at the time of collection how we will use that personal information. Usually, we use the personal information you provide only to respond to your inquiry or to process your request. This information may be shared with other SOLITRON businesses, but only if necessary to fulfil your request or for related purposes.

We may share the personal information you provide with other companies we have hired to provide services for us. These companies - our vendors - are contractually bound to use personal information we share with them only to perform the services we have hired them to provide. We do not share, sell, or lease personal information about you to any third-parties for their marketing use. We will release information about you if you direct us to do so, if we are required by law to do so, or in other legally limited circumstances (for example, to protect your account from fraud).

If you register with any SOLITRON business units online, they may use this information to provide you with custom information about SOLITRON products and services in support of your business needs. They may also seek to place a "cookie", as discussed above, so as to provide you with information that is relevant to you.
